Your European Partner for Laboratory Supplies

For Lab Trade s.r.o. offers over 1.5 million items of chemical reagents, laboratory equipment, and consumables from more than 40 trusted European manufacturers.

We provide full-cycle support — from helping you select the right product to managing export logistics and licensing. Our expertise extends to regulated substances, with proven experience in Category 1–3 precursor deliveries across Europe, Central Asia, and beyond.

Looking for certified chemical reagents for pharmaceutical, food, or research laboratories?

At For Lab Trade, we supply high-quality reagents from leading European brands like Merck, VWR, NeoFroxx, and Hach.

Whether you need LC-MS-grade solvents, dry culture media, certified CRM standards, or licensed precursors — we ensure safe and compliant delivery worldwide.

We also help you:

- Find specific or hard-to-source chemicals
- Get product alternatives with better pricing
- Handle documentation and licensing
- Track shipments from our EU warehouse

Inorganic Substances

Name of product	Packaging	Manufacture
Sodium Hydroxide	25g, 500g, 1kg, 2,5 kg, 12 kg, 25 kg	Merck, VWR, Hach
Sodium Chloride	25g, 500g, 1kg, 2,5 kg, 12 kg	Merck, VWR, Hach
Zinc Plates	50x5 mm	Merck, VWR, Hach
Calcium Chloride	100g, 500g, 2,5 kg	Merck, VWR, Hach
Titanium(IV) Oxide	100g	Merck, VWR, Hach
Potassium Chloride	500 g, 1, 2,5, 5, 12, 25kg	Merck, VWR, Hach
Sulfuric Acid	100 ml, 1, 2,5, 4, 5, 10 l	Merck, VWR, Hach
Ammonium Nitrate	500 g, 2,5, 25kg	Merck, VWR, Hach
Sodium Phosphate	25, 500 g, 2,5 kg	Merck, VWR, Hach

Organic Substances

Name of product	Packaging	Manufacture
Ethyl Acetate	1 and 2,5l	Merck, VWR, Hach
Methanol	1 and 2,5l	Merck, VWR, Hach
Acetonitrile	100 ml, 1, 2,5, 4, 5, 10 l	Merck, VWR, Hach
Hexane	1, 2,5 l	Merck, VWR, Hach
Hydrochloric Acid	25, 100, 500 ml, 1, 2,5 l	Merck, VWR, Hach
Acetone	500 ml, 1, 2,5, 5, 20 l	Merck, VWR, Hach
Glycerin	100 ml, 500 ml, 1l	Merck, VWR, Hach
2-Propanol	1, 2,5, 4l	Merck, VWR, Hach
Citric Acid	100, 500 g, 1, 5, 25kg	Merck, VWR, Hach
Acetic Acid	5, 25, 100, 500 ml, 1, 2,5 l, 10, 25 kg	Merck, VWR, Hach
Aniline	100 ml, 1 and 5 ml	Merck, VWR, Hach

Standards

Name of product	Packaging	Manufacture
Aluminium Standard Solution, CRM	100 ml	Merck, VWR
Boron Standard Solution, CRM	100 ml	Merck, VWR
Chloride Standard Solution, CRM	100 ml	Merck, VWR
Lead Standard Solution, CRM	100 ml	Merck, VWR
Nitrate Standard Solution, CRM	100 ml	Merck, VWR

Buffer Solutions

Name of product	Manufacture
Phosphate Buffer pH 7	Merck, VWR, Hach
Phthalate Buffer pH 4 and pH 5	Merck, Hach
Buffer Solution (various pH levels)	Merck, VWR, Hach

Dry Culture Media and Their Components

Name of product	Manufacture
MC-Media Pad® for coliforms	Merck, VWR
MC-Media Pad® for coliforms, for <i>Escherichia coli</i>	Merck, VWR
MC-Media Pad® for rapid aerobic count	Merck, VWR
MC-Media Pad® for yeasts, for molds	Merck, VWR
Agar microbiology tested, suitable for plant cell culture, suitable for cell culture, powder	Merck, VWR
Beef extract powder suitable for microbiology	Merck, VWR
Casein Hydrolysate suitable for microbiology	Merck, VWR
Yeast Autolysate suitable for microbiology	Merck, VWR
Yeast Extract micro-agglomerated	Merck, VWR

LC-MS reagents from Merck

Name of product	Cod of product
Ammonium acetate suitable for mass spectrometry (MS), LiChropur™, eluent additive for LC-MS	73594
Diethylammonium acetate solution 0.5 M in H ₂ O, suitable for ion pair chromatography, LiChropur™	93645
Formic acid for LC-MS LiChropur™, 97.5-98.5% (T)	00940
Trifluoroacetic acid eluent additive for LC-MS, LiChropur, ≥99.0% (GC)	80457
2,2,2-Trifluoroethanol suitable for mass spectrometry (MS), LiChropur™, ≥99.8%	18370

Licensed Reagents and Category 1–3 Precursors

For Lab Trade has proven experience in working with reagents regulated under EU and Czech legislation, including precursors of categories 1, 2, and 3. We strictly adhere to legal requirements and offer our clients both consultation and full licensing support for deliveries.

All shipments are carried out in compliance with applicable EU and Czech regulations. We have expertise in preparing the necessary licensing documentation and in following all procedures related to the handling of controlled substances.

Below is a list of category 3 precursors we regularly supply:

Name of product	Manufacture
Acetone	Merck, VWR, NeoFroxx
Ethylether	Merck, VWR, NeoFroxx
Methylethylketon	Merck, VWR, NeoFroxx
Toluen	Merck, VWR, NeoFroxx
Sulfuric acid	Merck, VWR, NeoFroxx
Hydrochloric acid	Merck, VWR, NeoFroxx

This brochure presents only a small selection of the chemical reagents we offer. You may contact us with catalog codes from the manufacturer's catalog or with a list of required reagents. We provide special pricing options from each manufacturer, can suggest alternatives for desired products, and offer consultation on licensing requirements and processes.

You can rely on us for your procurement needs and any related questions – we provide support at every stage of our partnership.
